Service & Support

Service, Maintenance & Breakdowns

It is STB's policy to offer a fast responsive and effective support when it comes to breakdowns, service and maintenance.

Our ability to respond quickly with effective support is valued by our customers and over the last 30 years this has led to our existing customers returning to us time and time again with ongoing repeat business.

We are firm believers that after-sales support and service forms an integral part of the equipment we supply.

Whatever your needs - mechanical, electrical, supply of parts or on site maintenance work - our service team is here to offer technical advice and swift response to your service calls.
